DEDICATION

UT VIRI VIVANT

This volume is humbly and respectfully dedicated to all of those students of this school who have accepted the challenge that has been hurled against us by the relentless forces of tyranny. Steadfast, as were their forebearers, and unwavering in the belief that their heritage of freedom is worthy of preservation, these men have pledged their lives, their fortunes, and their sacred honor to the end that mankind might henceforth live in freedom.

Welcome, Lieutenant Bondurant! Welcome to the leadership of T. M. I. Well do we know your capabilities—your ability to lead and to understand and to encourage the passing generations of young men who have come under your influence. You have led them toward the true goal—the goal of a greater knowledge, a richer character, and a deeper sense of righteousness.

J. D. MILLER
HEAD MASTER

A man of deliberate action, a person loyal to his school in the performance of duty, a firm friend of all earnest students. His every word, thought, and action show a character untarnished—a gentleman and a scholar of the first degree.

Membership in the National Honor Society is the highest award for individual achievement that a cadet can receive. The members of this society are chosen by the faculty and must stand high in scholarship, leadership, service, and character. The number of members is limited to five per cent of the Juniors, and fifteen per cent of the Seniors. T. M. I. is one of the very few private schools to enjoy the distinction of having a charter of this Society.

MEMORIES

Of school opening in September, 1943; old boys, new boys, crowds of them; old boys, self-assured and somewhat bossy; new boys, a little timid, not too confident, and not liking to be stared at.

MEMORIES

Of bugle calls; of the school-house bell, bright, shiny, and brassy, and with a commanding, jarring jangle, especially when ringing for "books".

MEMORIES

Of our teachers; of our new headmaster, Prof. Holst; of our new Spanish teacher, Prof. Jones; of Coach Pearce, Prof. Eargle, Coach Phillips, and Prof. Roe.

MEMORIES

Of special events; such as the night football game at Tech Field; Academy boys went in force; Academy beat Central's Juniors and stayed to see T. M. I. trounce Central's Varsity.

WHO IS

"Pie-Face Pic"?
"Flat-Top Tommy"?
"Pay-roll Mike"?
"Bran Flakes"?

A BIG HAND TO

Russell Pickering and Bruce Gideon, our efficient assistant librarians, who kept everything bright and shining in their department.

A SALUTE TO

Our hard-working advertisement solicitors: Bruce Gideon, Francis Morgan Frasher, Arthur Muir, Bob Gideon, Bob Zander, Jonathan Calvert, Harry K. Webb, Bobby Morris, Bobby Shaw, Frank Huntress, and Jack Pancoast; they brought in the "bacon" that made this edition of the annual possible.

VISITORS

Many old Academy boys dropped in to see the old school. Most of them were in the armed services. One in particular that we remember was Lt. George Gillespie of the U. S. Army. George graduated from S. A. A. in '38 and from T. M. I. in '42.

SPEECHES

One by Capt. H. F. Blackburn, the father of Bobby. Capt. Blackburn is assistant manager of the Intercontinental Division of T. W. A., and reserve officer in the Air Force.

He paid us a visit before Christmas and discussed many of his varied and thrilling experiences to an eager audience of one hundred forty-three boys. He told of long weary hours of flying cargo planes, sometimes over enemy territory, yet his planes carried no armament. But they saw enemy aircraft only once.

Then he produced to the amazement of us wide-eyed boys a roll of "short snorter" bills, currency of various countries with signatures on them. He explained what achievements in flying it takes to qualify for the "short snorter" club.

—F. M. F.

Another was by Lt. Francis Meyer. Lt. Meyer is a graduate of S. A. A., '33, T. M. I., '37, and the U. S. Naval Academy, '41.

Lt. Meyer visited us in March, and for the second time spoke to us about his many interesting experiences. In his previous talk we were told that he had had his hat shot to pieces by a German shell at Casa Blanca. Later he relieved our suspense by explaining that the hat was not on his head at the time but in his quarters.

In his last talk he told us of the functions of a convoy and many interesting facts pertaining to destroyers. In Lt. Meyer's last convoy no ships were lost and several subs were sunk by the destroyers. The main thought that he left with us was that Germany's sea power is ceasing, almost, to be a threat.

LAST year was the first time that the Eighth Grade was held at the Academy. It was then composed of eighteen members. This year our class started out with twenty-eight boys on the roll, but four of them have since found easier berths in the Seventh Grade. Looking back over the year, we can recall many happy moments at S. A. A., mixed in with much hard work. Some of us have been at the Academy for much of our school life, some starting here in the Second and Third Grades. Although we must have been a puzzle and perhaps a problem to our teachers at times, we are thankful that they were patient with us and that we are now so near our graduation day.

YOURSELF? who will need a Guaranteed Income in your sunset years.

The Safest and Surest way to provide all of these things, is by owning a Retirement Income Annuity, beginning at ages 55, 60 and 65.
